

## NOSE CLIP FOR SINGLE USE

### DESCRIPTION

The disposable nasal clamp is made of a blue plastic material and has foam pads that make it comfortable to wear during treatment. Nasal clamps are used during spirometry (lung function testing) to prevent air leakage through the nose.

### PRODUCT DETAILS:

- Disposable nose clips
- To prevent air leakage
- With foam pads
- Suitable for spirometry
- Comfortable to wear
- Material: plastic
- Colour: blue
- Scope of delivery: 50 pieces
