

Declaration of Conformity under the REACH Regulation (EC 1907/2006), SVHC Candidate List of 17/01/2022

Declaration of Conformity under the RoHS Directive (2011/65/EU, Annex IV 2014/16/EU and Annex II 2015/863/EU)

Declaration of Conformity under the WEEE Directive (2012/19/EU)

Dear Sir/Madam,

As a manufacturer of measuring, dosing and application systems, we are a downstream user (producer of products) in accordance with the REACH Regulation. According to information provided by our suppliers, the materials we use do not contain any substances included in the SVHC Candidate List (ECHA 223 substances) or the maximum permissible limit values are complied with. Our suppliers have agreed that only REACH and RoHS-compliant products will be delivered to us. If conformity is not met, our suppliers are obliged to inform us immediately.

As soon as we determine that our products become subject to notification, we will notify you without prompting.

We confirm that our standard products comply with the RoHS Directive and are produced in accordance with its applicable requirements.

In accordance with the WEEE Directive, we are registered with the EAR foundation (Germany's Electrical Used Equipment Register) under registration number DE 11927990 to ensure the proper disposal of the products we sell.

Please understand that we are unable to complete specific questionnaires due to the rapid increase in the number of enquiries. However, we hope that this letter covers everything you need to know and thank you for your trusted collaboration and support.

Markus Niederbichler
Managing Director
